FY2024 BUDGET

The Ministry of National Development (MND)'s revised FY2024 total expenditure is projected to be \$10.05 billion. This is an increase of \$1.55 billion or 18.3% from the actual FY2023 total expenditure of \$8.50 billion. Of the revised FY2024 total expenditure, \$8.81 billion or 87.6% is for operating expenditure and \$1.25 billion or 12.4% is for development expenditure.

Operating Expenditure

The revised FY2024 operating expenditure of \$8.81 billion is \$1.39 billion or 18.7% higher than the actual FY2023 operating expenditure of \$7.42 billion. The increase is mainly attributed to higher expenditure for the Public Housing Development Programme.

Development Expenditure

The revised FY2024 development expenditure of \$1.25 billion is \$165.35 million or 15.3% higher than the actual FY2023 development expenditure of \$1.08 billion. The increase is mainly attributed to higher expenditure for the Housing and Development Board (HDB)'s Home Improvement Programme (HIP) and land preparation works for housing development.

Other Development Fund Outlays

The revised FY2024 land-related expenditure of \$986.57 million is \$195.41 million or 24.7% higher than the actual FY2023 land-related expenditure of \$791.16 million. The increase is mainly attributed to higher expenditure under the land development programme.

The revised FY2024 loan disbursement of \$9.32 billion is \$2.69 billion or 40.5% higher than the actual FY2023 loan disbursement of \$6.64 billion. The increase is mainly due to higher Housing Development Loans projected to be drawn in FY2024.

FY2025 BUDGET

The estimated FY2025 total expenditure for MND is \$9.30 billion, which is \$751.05 million or 7.5% lower than the revised FY2024 total expenditure of \$10.05 billion. Of the FY2025 total expenditure, \$8.34 billion or 89.7% is for operating expenditure and \$957.52 million or 10.3% is for development expenditure.

Operating Expenditure

The FY2025 provision of \$8.34 billion for operating expenditure is \$462.71 million or 5.3% lower than the revised FY2024 operating expenditure of \$8.81 billion. The decrease is mainly attributed to lower expenditure for the Public Housing Development Programme.

Development Expenditure

The FY2025 provision of \$957.52 million for development expenditure is \$288.34 million or 23.1% lower than the revised FY2024 development expenditure of \$1.25 billion. Of this sum, \$725.82 million will be public housing expenditure. The decrease is mainly due to lower expenditure for HDB's HIP.

The breakdown of public housing expenditure is as follows:

¹ Data is reported on a Calendar Year (CY) basis. This measures the proportion of resident households who own the HDB flat that they are living in. Resident households are households where the household reference person is a Singapore citizen or permanent resident. The KPI was named as "Home Ownership rate among resident households in HDB dwellings" prior to FY2021.

² Pending publication from DOS.

³ Data is reported on a CY basis. The MSR refers to the portion of a borrower's gross monthly income that goes towards the repayment of property loans and reflects those of first-timer applicants buying 4-room flats in non-mature estates. The MSR assumed a 25-year HDB concessionary loan, and factored in prevailing housing grants. The international rule of thumb for housing affordability is 30.0% - 35.0%. With the implementation of the new flat classification in Oct 2024, MND/HDB will track the MSR for 4-room standard BTO flats from FY2026 onwards.

⁴ Data is based on 1Q – 3Q 2024.

⁵ The number of people living in the Central Area is estimated using updated population and dwelling unit data.

⁶ The number of people working in the Central Area has been revised using the latest island-wide employment figures.
